

# MRS. GOULD NOT WED-TO DAWSON, SAYS HIS WIFE

Former Harriet Lownsdale, in Baltimore, Gives Denial to Theory Which Sleuths Searched Records to Prove.

(Special to The Evening World.)

BALTIMORE, Md., May 22.—Mrs. George Dawson came out with a flat denial to-day that her husband had ever been associated in any way with the former Catherine Clemmons, now Mrs. Howard Gould. Mrs. Dawson said that she was the Harriet Lownsdale who was married to George Dawson in 1882, and that her husband had never been married before or after. She made this statement to-day to a correspondent for The Evening World.

Dawson was coachman for Ross W. Winans, of Baltimore and London, for many years. He is now driving for a hotel 'bus in this city. Mrs. Dawson was seen to-day by an Evening World correspondent at her home, on Girard avenue. She said:

"My husband and I were brought to this country from England by Mr. Winans in 1881. One year later we were married in the parsonage of the Fayette Street Methodist Church by the Rev. William Latham, who is now dead. My husband was twenty-eight years old and I was thirty at that time, as the records show. We have one child, a son, who is twenty-three years old."

## Never Knew the Goulds.

"My husband has made two trips to Europe since we were married, both times for Mr. Winans. He never knew anything of Mr. and Mrs. Gould. My husband has always been with me, since we were married, except during his two short trips abroad. I know he could never have had another wife."

"My name, before I was married, as is shown in the records at the Fayette Street Church, was Harriet Lownsdale. I was a maid for Mrs. Winans when I came to America."

Mrs. Dawson's account of the marriage at the Fayette Street Church is correct. The records show that Harriet Lownsdale and George Dawson were wedded there on January 10, 1882, at 7 P.M. As she says, Mr. Latham, who performed the ceremony, is dead, and the witnesses have not yet been found.

## OTHER CHARGES UNDER WAY FOR M'LAUGHLIN.

Charges are being drawn up against Capt. McLaughlin that not only include the Gould conspiracy, but six other matters that are also referred to at No. 60 Mulberry street as "police plots." The heads of the Police Department are confident that they have won a nettle from the former detective chief from which he cannot escape, and the Gould scandal is only a part of the web. In one case, in which a prominent and immensely wealthy man of this city was being sued for divorce, he was able to use the police in threatening witnesses for his wife.

One woman, who has been found by Deputy Commissioner Hanson, was taken, it is said, to the office of a well-known lawyer and threatened there by the then head of the Detective Bureau. She was told that if she did not withdraw from the case and refuse to testify for the wife she would be sent away. As she was amenable to police discipline in the Tenderloin she was frightened to cover.

Investigation Far-Reaching.

Mr. Hanson said this afternoon about the work he has been doing:

"So far our investigation has been very fruitful indeed. It is necessary to bring the highest in the land to police Headquarters for this investigation. We will do so, and there is a law that will back us up in summing them to testify."

The rumor got abroad this afternoon that District Attorney Jerome and De Lancy Nicolli had called on the Mayor for the purpose of having Gen. Bingham "let off." Mr. Nicolli and Mr. Jerome visited Mr. McLaughlin at City Hall, going there together from the District Attorney's office. They asserted, however, that they called merely in reference to a new bill creating seven instead of five judges for the Court of General Sessions.

The Police Commissioner admitted to-day that his call on Mayor McLaughlin yesterday had been because of his honor's interest in the Gould case. The Mayor advised him to spare nobody in getting at the bottom of the scandal.

When asked if he had drawn up charges against McLaughlin, the General said:

"I have and I have not. There have been some important developments within the past few hours that I am riding my time."

Gen. Bingham meant by this that, instead of charging McLaughlin on our count in the Gould matter, he would also present against him charges in the new six cases in which he is alleged to have used the Central Office to aid private individuals in their quarrels and domestic warfare.

Capt. William W. McLaughlin has not gone to Police Commissioner Bingham for retirement, in response to the urging of those named with him in the alleged conspiracy against Mrs. Katharine Clemmons Gould. If Gen. Bingham anticipates that this veteran of department under fire, he is doomed. Any police upstart will require out of disappointment, declare the old-timer who have been in the rank and file with the force with McLaughlin for twenty years.

Under cover of "sick leave" he is said to be preparing an elaborate defense in the backing of a millionaire and fortune, he will not want for the

## HUSBANDS FREE TO LIVE AT ANY PLACE THEY LIKE

Wives Must Trail Along or Submit to Absence, Court Says.

Husbands can live where they please. If the wives don't like it they must keep quiet or tag along after the husbands. Mr. Justice Bluff, in the Supreme Court, has so ruled in the case of Sarah H. Levy versus Ernest Levy, and it cost Mrs. Levy \$20 to find it out.

It appears from Justice Bluff's opinion that Mr. Levy had departed for South Dakota, where divorces were so plentiful before the Legislature sent the business to Idaho.

Mrs. Levy petitioned Justice Bluff for an injunction, asserting that her husband was living in South Dakota for the sole purpose of obtaining a divorce or separation under the lenient laws of that State. She wanted him restrained from obtaining a divorce in any State other than New York, alleging that she had grounds on which she could have based a suit for divorce here.

She secured a preliminary injunction, ex parte, which Justice Bluff, on Monday afternoon by a certain specialist in Harlem, to whom I took her for treatment for a slight spinal affection, from which she has been suffering for several years. She was greatly depressed by her condition, and when the specialist strongly intimated that she might never get better he struck terror to her heart.

"I know only too well why Gertrude disappeared," said Mrs. Mooney to-day. "She was simply terrified last Monday afternoon by a certain specialist in Harlem, to whom I took her for treatment for a slight spinal affection, from which she has been suffering for several years. She was greatly depressed by her condition, and when the specialist strongly intimated that she might never get better he struck terror to her heart."

Wives Must Trail Along.

Whenever wives refuse to accompany them at their wish to move to Hoboken, Philadelphia or other foreign parts, the husbands have merely to flash this Justice Bluff decision.

"The husband has an indisputable right to change his domicile as often as his pleasure, health or business dictates, though the wife may choose to live apart from him, and he is not bound to follow her. He is not bound to exercise his right to change his domicile in good faith within that State."

It is more than probable that he will abandon his domicile in South Dakota, and move to New York, where he can obtain a divorce under the laws of that State. He is not bound to follow her. He is not bound to exercise his right to change his domicile in good faith within that State."

Miss May Irwin, who made the "noon song" famous, and Kurt Eiseleit, who for two years has been devising ways, as her press agent, to extend that fame, will be married, their friends learned with much surprise to-day, on Irwin Island, in the St. Lawrence River, next Sunday. Miss Irwin is not under forty years old, but, of course, she doesn't look half of it. Mr. Eiseleit is twenty-eight. He is a son of a preacher of foreign languages at the University of Wisconsin. A local preacher of the Thousand Islands country will unite the happy pair. Miss Irwin's two sons, Harry and Walter, will be the only witnesses to the ceremony.

Mr. Eiseleit and the actress met two years ago, and soon thereafter he charged her business affairs. They got along so well that some time ago they made up their minds to go into partnership for all time.

HAD SPINAL MALADY.  
Told That She Might Never Get Well—Police Search for Her.

Aided by the police, Mr. and Mrs. William J. Mooney, of No. 41 West Twenty-fourth street, are searching high and low to-day for their daughter, Gertrude, sixteen years old, who disappeared mysteriously last Monday evening. The distracted parents have appealed to The Evening World to assist in the search.

"I know only too well why Gertrude disappeared," said Mrs. Mooney to-day. "She was simply terrified last Monday afternoon by a certain specialist in Harlem, to whom I took her for treatment for a slight spinal affection, from which she has been suffering for several years. ## TRAIN-WRECKERS DERAIL A FLYER; 1 DEAD, 22 HURT

Loosen Tracks and Pull Them Apart as Southern Pacific Limited Dashes On.

LOS ANGELES, Cal., May 22.—Train No. 20, one of the Southern Pacific's coast line flyers, due at 3 o'clock last night, was wrecked at West Glendale, ten miles north of here, at 12:30 this morning.

The smash-up was the deliberate work of train wreckers. One man was killed and twenty-two persons injured, three probably fatally. At a point on a trestle over the Arroyo Seco, the fishplates and bolts of two connecting rails on the southbound track had been removed, and in the apertures whence the bolts were fastened at the end of each rail.

From the appearance of the track after the wreck it was evident that some person hidden close to the trestle had pulled the wire as the train approached and spread the rails outward toward the edge of the trestle.

The train, three hours late, was traveling at a rate of about forty miles an hour. The engine wheels were first to leave the rails and the engine took to the flies, travelling nearly 100 yards before it was brought to a standstill.

The tender, the diner, two Pullmans, the buffet, mail and baggage cars plunged over the edge of the trestle, falling a distance of six or eight feet.

The buffet car, the express car and one of the Pullmans were turned completely upside down and the others landed on their sides. All were badly crushed and splintered.

The man killed was T. J. McMahon, of Santa Barbara, a member of the Electrical Workers' Union.

He is believed to have been stealing a ride on the baggage car, and had, as his companion, Frank Naylor, a fifteen-year-old boy from Santa Barbara, who was fatally injured.

AMONG THE CLERGY  
Coffee Being Replaced by Postum Food Coffee.

"I am the wife of a minister. About three years ago a warm friend, an exemplary mother and the conscientious wife of a minister, asked me if I had ever tried giving up coffee and using Postum Food Coffee. I had been telling her of my excessive nervousness and ill health. She said: 'We drink nothing else for breakfast but Postum, and it is a delight and comfort to have something that we do not have to refuse the children when they ask for it.'"

"I was surprised that she would permit the children to drink even the food coffee, but she explained that it was a most healthful beverage and that the children thrived on it. A very little thought convinced me that for brain work one should have food and the very best of food."

"My first trial of Postum was a failure. The maid of all work brought it to the table lukewarm, weak and altogether lacking in character. We were in despair, but decided on one more trial. At the second trial we faithfully followed the directions, used four teaspoonfuls of the pint of water, let it boil full fifteen minutes after the real boiling began, and served it with rich cream. It was delicious and we were all won."

"I have since sung the praises of Postum Food Coffee on many, many occasions and have induced numbers of friends to abandon coffee and use Postum, with remarkable results. The wife of a college professor said to me a short time ago that nothing had ever produced so marked a change in her husband's health as the leaving off of coffee and the use of Postum in its place."

# STOP THAT PAIN

With a Lambert Snyder Vibrator.  
There is only one disease—Congestion. There is only one cure—Circulation.

15,000 Health-Giving Vibrations the Minute. Every Home Should Have Our Vibrator. You Can Use It Yourself and Feel It Cure. Not Electric. 7 Days' Trial. Money Back if Not Satisfied.

When you hurt yourself you instinctively rub the spot. When your head aches you rub your temples. Why? Because vibration is Nature's own remedy, and rubbing is Nature's crude way of creating vibration and starting the blood going. Our Vibrator thrills new life and energy into you and doubles your power and pleasure in living. It gives back even to the aged—of both sexes—much of the vigor and health-joy of youth.

Vibration Makes the Blood Young.  
The Lambert Snyder Vibrator

is the greatest medical discovery of the Twentieth Century; it weighs twenty ounces, can be operated by yourself with one hand and can be placed in contact with any part of the body, and is capable of giving 15,000 vibrations per minute—100 times more than is possible with the most expert master of massage.

Stagnant water is impure and breeds sickness and foul insects; a rippling brook is always pure, clear and healthy. Stagnation is death. Vibration is life. INDORSED AND USED BY THOUSANDS OF PHYSICIANS. VIBRATION INSTANTLY STOPS PAIN.

This is our 4th year selling Vibrators, and every Vibrator sold sells several more, as our Vibrator does all we claim and more.

RHEUMATISM. Rheumatism, Sciatica, Lumbago, Gout, etc., are caused by uric acid in the blood in the form of urate of soda. This acid, through poor circulation at some particular part, gets stopped on its way through the system, and, congregating, causes pain. Apply the Vibrator to the spot and you will relieve the congestion and get relief at once. By using the Vibrator regularly the system is toned up, so that your blood circulates freely and drives the acid out through the pores of the skin.

"I have been a great sufferer with sciatic rheumatism for several weeks, and could not even hear the jar of a 'clunk' passing in the street without causing me intense pain and nervousness. I very skeptically bought one of Snyder's Health Vibrators, which has done me a great deal of good, and I have found it to be a great pain reliever. Two or three minutes' use scatters the pain. I would not part with it for any amount of money if I could not get another one. Yours truly, JAMES M. BAKER, 110 North Laurel st., Brighton, N. J."

## DEAFNESS

Deafness, Head Noises, Ringing in the Ears, in most cases, are caused by the thickening of the inner membrane through catarrh or other causes. Vibration is the only way to reach the inner ear drum and loosen up the hard wax or foreign matter, so sound may penetrate to the drum.

I have used your Vibrator about six weeks for deafness, and it has benefited me greatly. I was quite deaf, and now I can hear any one talking in an ordinary tone, and yesterday I was able to hear a robin sing outdoors. I am so pleased with the Vibrator that I have ordered it to send me twelve of them, for which I enclose money order. There are for friends of mine. Miss S. E. GREENLEAF, Pine Grove, Niantic, Conn.

## INDIGESTION

Stomach Trouble, Indigestion, Constipation, etc., are caused by the food not properly digesting; it stacks necessary saliva and gastric juices, thus creating congestion in the stomach, forming gases, causing pains, bad breath, etc. Apply the vibrator to the stomach; it settles the food down, releases the gases, regulates the action and brings about relief instantly.

I am in my seventy-fifth year, and for the last ten years I have been full of pains and aches, and had indigestion fearfully bad. My food would generate gas, which would rise up and press on my chest with an ache like sticking a knife in it, and my arm—well, it would become almost paralyzed, and when I went for a walk I would have to stop every five minutes. I was in so much pain I could not go along. I thought I would try dieting, and entered the Boston City Hospital in 1906. Stayed there two weeks on a strictly milk diet, and my discharge reads: 'Condition relieved, no cure.' The doctor tried patent medicines, took every kind advertised; result, no benefit.

I have not had my Vibrator three weeks yet, but it has made a new man of me. One day last week I walked three hours and came home feeling fine. I have also been troubled with insomnia, and I take medicine every night before going to bed to make me sleep. Have told the nurse that I did not want any more medicine, as the Vibrator was making a new man of me in more ways than one. Respectfully yours, E. D. RICH, 123 West Springfield Street, Boston, Mass.

## About Trans-Equatorial Money and a Few Other Things!

There's many a South African who wouldn't trade a tiger's tooth (tropical currency) for a U. S. \$1,000 bank note. Uncle Sam's \$50 gold piece will buy a peck of silver dollars such as are coined by various South American governments.

The value of money depends entirely upon the difficulty or ease with which it may be obtained.

And so it is with all the good things of life. Positions, Workers, Homes, Investments, Bargains, &c., that are hard to find command a premium.

Still there is a way to corral money, commodities, privileges, securities, &c., for much less than they are really worth. If you are interested in this twentieth century legend, consult the new book of all "Mediums"—the Morning World's Want Directory.

There you will find golden opportunities, as rare as thick as bees in a hive. There were 4,573 of them, too, day—\$78 MORE than were advertised in ANY OTHER New York morning newspapers.
